

It's my way

Indios Bravos

Don't wanna fool my people and that's why I confess
I manifest screaming soul that's living in the darkness
Although I'm blind like a fool don't wanna follow the rules
'Cause they're only bringing suffering into my life I choose
Not to lie, not to hurt, not to hurt, not to lie
Not to lie, not to hurt, not to hurt, not to lie
Not to lie, not to hurt, not to hurt, not to lie 'Till I die 't
ill I die untill I die

I am not talking about what should be done but I run
To my, my destination, to free my father's land
But there is no helping hand
I've got to count on myself
Complaining my constitution
Fighting with the illusion I try
Not to lie, not to hurt, not to hurt, not to lie
Not to lie, not to hurt, not to hurt, not to lie
Not to lie, not to hurt, not to hurt, not to lie
'Till I die 'till I die untill I die

It's my way and there's nothing left to say
Because it's my way
