Indios Bravos

Can you believe all of the mankind needs an alternative
Can you believe, can't you ?
All of our souls naturally dem a positive
One day we'll find out what causes problems
Don't wait for Jah to tell you how should we solve dem
Always remember that the only solution is a mental revolution

Can you believe?
Can you believe, can't you?
One day we'll find out what causes problems
Don't wait for Jah to tell you how should we solve dem
Always remember that the only solution is a mental revolution
