

## No no no no

Indios Bravos

No, no, no, no it's not for me to be on the top of your list  
No, no, no, no it's not for me to be on the top of your list  
Why you keep tellin' me that this time it's gonna be all right  
No, no, no, no it's not for me to be on the top of your list

So and so you try to lie but I, I cannot let you fool me  
So and so you try to lie but I, I cannot let you fool me  
You think you've got me now, but I can see through your eyes  
So and so you try to lie but I, I cannot let you fool me

I ignore every scorn you'll see, you will see  
I ignore every little, every little, every little scorn you'll  
see  
You will see

I n'I know we cannot compromise 'cause you're not listenin' to  
me  
I n'I know we cannot compromise 'cause you're not listenin' to  
me  
I'd rather get myself high than lookin' into your eyes  
I n'I know we cannot compromise 'cause you're not listenin' to  
me
