

Run run run

Indios Bravos

For many years all the mankind is diein' slowly
Instead of unity-hatein' and killin' only
Run, run, run,run, run, run,run
Yes we've got to run
To leave behind the things we have done,yes we've got to run
Funny we're all one but one also means that we are lonley

How many years will we try to find the solution
For our problems we need global constitution
Run, run, run,run, run, run,run
Yes we've got to run
To leave behind the things we have done,yes we've got to run
Funny we're all one but one also means that we are lonley
