

Where Is Your Love

Indios Bravos

Can you tell me
I wanna understand
In this times what is wrong with the soul of the man
I 've got sth I wanna share wanna give
But sometimes i wish I'd also receive
What's the reason you keep your hands up tight
You've got so much anger and so much pride
You've got hopes and dreams you've got everything
But there's one thing you gonna need
Love

Where is your love
Can you tell me where
Where is your love
Tell me where
Where is your love

I really wanna know
Where
Where is your love

Can you tell me
I wanna understand
In this times what is wrong with the soul of the man
I've got sth I wanna share wanna give
But sometimes i wish i'd also receive
What's the reason you keep your hands up tight
You've got so much anger and so much pride
You've got hopes and dreams you've got everything
But there's one thing you gonna need
Love

What's the reason you keep your hands up tight
You've got so much anger and so much pride
You've got hopes and dreams you've got everything
But there's one thing that you gonna need
To love

Where is your love
Can you tell me where
Where is your love
