

# Disregard The Void

InDirections

I took the road and left you behind, but the only thing I have  
is faith guiding me now  
You turned your cheek the other way, love is no longer here  
Mother the way you look at me now, it's like I'm some stranger  
to the eye  
I'm not the man that you wanted me to be I'm not the man you raised  
to succeed,  
To be loved, to be held, to be the next on the throne  
You've abandon me what could I say, I turned to my father to keep  
me out of the tide,  
Through your screams I'm still fighting for isolation to get away  
from this empty house  
I took the road and left you behind, but the only thing I have  
is faith guiding me now  
You turned your cheek the other way, love is no longer here  
Mother the way you look at me now, it's like I'm some stranger  
to the eye  
I'm not the man that you wanted me to be, I'm not the man you raised  
to succeed  
To be loved, to be held, to be the next on the thrown  
You've abandoned me what could I say, I turned to my father to  
keep me out of the tide,  
Through your screams, I'm still fighting for isolation  
I'm walking out the back door
