

Killing Is Contagious

INDK

Grim Reaper in a uniform
Die or conform
They'll beat you down with a billy club
Polish their badge off with your blood
There's no accounting for their actions
We come from different factions
Someone coughs and the cold starts spreading
There's no accounting for the way we're heading
1-2-3-4
Tag you're it
Spreading around the epidemic
Spread it around
Grim Reaper in a fucking uniform
Killing in rare form
Beaten down with a billy club
Polish his badge off with your blood
Cause all is fair in love and law
And not a single person saw
The way that we're headin
And the disease keeps spreading
On...
