Tell Me How

My love is gone Tell me how You're gonna listen up, my love is gone

Gone, gone, gone You're gonna listen up, my love is gone

Give me your hand, my darling. I'm lonely in the night For the very first time in my life I'm walking in the dark Show me now, show me how to get into your mind Show me how, show me now, I'm never gonna stop Show me how, show me now the highway to your mind Show me now, show me how the feelings never die

Let the emotion go

Tell me how to win your love Tell me how to touch your body Tell me how to win your love I'm trying, I'm trying, I'm trying. (Let it go) Tell me how to win your love Tell me how to be your love Tell me how to win your love I'm trying, I'm trying, I'm trying

My love, my love is gone My love, my love is gone

Tell me how

Deep in your eyes, my baby, I'm searching for the light For the first time and last time in my life I'm lying without a doubt Show me how, show me now the highway to your heart Show me how, show me now, I'm never gonna stop Show me now, show me how to get into your soul Show me how, show me now, can you hear my call

Let the emotion go

Go, talking about your love
To the beat, to the sound let's go
Now come on, you better take the chance
To the rhythm of the beat let's dance
Go, go, let it go.
Baby feel it, your emotion go
Go, go let it go.
Lady, listen up: my love is gone
(Gone, gone, gone, gone...)
Talking 'bout love, love

Tell me how. Let your feeling go Tištěnozwww.txp.cz
