

## Now is Gold

### Infected Mushroom

So now is gold,  
I see her wings and I'm not cold  
The fear is gone  
And I am ready to move on...

So now is gold,  
I see her wings and I'm not cold  
The fear is gone  
And I am ready to move on...

(Oh oh oh oh oh oh...)

So now is gold,  
I see her wings and I'm not cold  
The fear is gone  
And I am ready to move on...
