

## Smashing The Opponent

Infected Mushroom

Smack me again  
And I cant believe its true  
Smashing the opponent  
Was not my intention to do  
Nether did you

Foresee such an outcome  
To this unnecessary ending  
I wish I could retrace all my steps  
And erase my mistakes  
With you

I wanted to say  
You shouldn't suffer this way  
I wanted to say  
I hope I can take it away

Tempt me again and I will forget the truth  
Backing your decision  
Was something I neglected to do  
Even for you  
If you feel rage  
To strike me with revenge  
I will be standing right here  
Waiting without fear  
For you

I wanted to say  
You shouldn't suffer this way  
I wanted to say  
I hope I can take it away
