

## Judgemental trap

Infected Rain

Life is too short, come inside and get involved!

Here we are manipulated,  
Dead enough to hesitate  
Have no voice to protest,  
Have no time to regret.

Open your eyes, drop the gun,  
Stop with the lies, look what you've done!

Don't be confused, this is not the time  
Stop to abuse, overpass enemy line  
Here you are manipulated  
Dead enough to hesitate.

Lean your head upon my shoulders,  
Tell me the story of the solders who  
Suffered, cried and died for what?  
That fought, tortured and killed for what?  
For what?

You think you have your eyes wide open  
In this world where dreams are broken

No one sells the tickets to come back

No one will remember you till you're masked  
My voice is scratching, lashing inside me  
My hate is burning, exploding inside me!

This is a web!  
A judgemental trap! 3x  
This is a web!

This is a web!  
A judgemental trap! 3x  
This is a web!

Lean your head don't be afraid  
Tell me the truth now you're safe  
Lean your head upon my shoulders

And tell me the story about the solders who  
Suffered, cried and died for what?  
That fought, tortured and killed for what?

No one, no one, no one, no one  
will save you.  
No one, no one, no one, no one  
will help you.

Here you are manipulated  
Dead enough to hesitate  
Have no voice to protest  
Have no time to regret.

No! No voice!

No! No voice!
