

## Panika

## Infected Rain

We are waiting for better days,  
We are dreaming for a better place  
But I, I can't deny the lie. X2

this is too painful for you to save me  
this is too scareful for you to understand me  
this is too hopeful for you to know me  
this is too meaningful for you to blow me

I don't know why I need you  
Why I'm standing here alone  
With my open broken door  
And I see that you will never go through...

Your selfishness, loneliness  
You're ignorent and faithless  
Meanigless, Voiceless  
You're negligent and hopeless.  
You're hopeless

this is too painful for you to save me  
this is too scareful for you to understand me  
this is too hopeful for you to know me  
this is too meaningful for you to blow me

I lived for you every day  
You gave me nothing but shame  
Your predictable lies  
Left me broken in pain  
Because of your devil eyes  
I'll blow you away  
I lived for you every day X2
