

Citizen Of The Nation

Infectious Grooves

My brothers and sisters of the revolution
It is with deep regret that I inform you
The power of the people no longer exists
But I here do by offer unto you
A one way ticket to salvation
Step in line, step into your mind
One way ticket, pure simple unadulterated
I have what you need
Step up, fear not the inevitable, undeniable success
So welcome to the nation
Won't you join the nation, citizens of the nation

Imagination, can you feel its glory
Imagination, do not attempt to fight it
Imagination, it's so, so, so beautiful

Welcome to the nation, it's your imagination
You can rule your world with peace and dignity
Step inside my nation, it's my imagination
It's time to redefine your pain and sanity

I'll take your dreams and make them real
Eliminate the pain you feel
Send you to a paradise for free
Cleanse the evil in your mind
Open up your heart and find
All the beauty that you're meant to see

Nation, spacin', cause I'm a citizen
Nation, spacin', yeah I'm a citizen
Nation, spacin', cause I'm a citizen
Nation, spacin', yeah I'm a citizen

Your fears will soon be taken out
There now is strength where there was doubt
The only limitation is your mind
Redefine those painless lies
Where truth lives free and sadness dies
Everything you need is there to find

I'll do it on my own, but you're always welcome in my home
The door is open, enter as you please
Everyone has an equal chance, no one gets screwed over its pure romance
Aren't you tired of living on your knees

Nation, spacin', 'cause I'm a citizen
Nation, spacin', yeah I'm a citizen
Nation, spacin', 'cause I'm a citizen
Nation, spacin', yeah I'm a citizen

When you look into my eyes you'll see
No one has a hold of me
Somethings even money can not buy
Right and wrong are so far away, games are the only games we'll play
Satisfaction guaranteed so won't you try
Everyone may have their plan, but no one seems to understand
What it takes to reinvent the smile, denial

Ladies and gentlemen, it is with regret I inform you
The revolution has been cancelled
Please exit in a single orderly file
There will not be any cash deposits returned
Welcome to the nation, won't you join the nation
Citizens of the nation
