

# Alone, Together

Infernal

I know that  
I seem to  
Be quite the social person  
But don't be  
Fooled by me  
I also like privacy  
Quiet companions  
Who let me be

I just want to feel  
Alone, together  
Nothing on my mind  
I want to be  
Alone, together  
Watching, quietly  
Please just leave me be

This feeling  
Of welcome  
Without demands from someone  
Your voices  
Your noises  
It keeps me calm, observing  
Just let me sit here  
Oh like a child

I just want to feel  
Alone, together  
Nothing on my mind  
I want to be  
Alone, together  
Watching, quietly  
Please just leave me be

I don't need attention drawn to me  
Feeling part of you is quite enough  
'Cause I don't  
Want to speak a word with anyone  
Watching you is all the joy I need

I just want to feel  
Alone, together  
I want to be  
Alone, together

Please just leave me be  
Alone, together  
Please just leave me be  
Alone, together

I just want to feel  
Alone, together  
Nothing on my mind  
I want to be  
Alone, together  
Watching, quietly

I don't need attention drawn to me  
Please just leave me be  
Watching you is all the joy I need
