

Standing there without a care,
So far away from home.
By myself yet unaware,
That I was not alone.
All my dreams could not prepare for what was soon to come,
Standing there without a care, that's when you came along.

You're in my arms, you don't even know me.
I don't know you, I want you to show me.
I don't need to know where this is going.
I'm falling, I'm falling, I'm falling for you.

You're in my arms, you don't even know me.
I don't know you, I want you to show me.
I don't need to know where this is going.
I'm falling, I'm falling, I'm falling for you.

Let us make a quick get away, so we might be alone.
Getting late no time to waste. There's so much to explore.
Something rare is in the air, to real to be ignored.
It's as if though hands of fate have brought you to my world.

You're in my arms, you don't even know me.
I don't know you, I want you to show me.
I don't need to know where this is going.
I'm falling, I'm falling, I'm falling for you.

You're in my arms, you don't even know me.
I don't know you, I want you to show me.
I don't need to know where this is going.
I'm falling, I'm falling, I'm falling for you.

We lose ourselves, we shed our clothes.
We share our hopes, we bare our souls.
We lose ourselves, we shed our clothes,
we share our fears, we bare our souls.

With the sun the time has come.
For now you have to go.
Not quite sure what I should say.
I stumble with the words.
As I watch you turn away and walk on out the door.
In my heart I hope and pray one day there will be more.

You're in my arms, you don't even know me.
I don't know you, I want you to show me.
I don't need to know where this is going.
I'm falling, I'm falling, I'm falling for you.

You're in my arms, you don't even know me.
I don't know you, I want you to show me.
I don't need to know where this is going.
I'm falling, I'm falling, I'm falling for you.
