

Cold In California

Ingram Hill

Didn't anybody know
Didn't tell anybody else that I was gonna go
Didn't anybody see
Didn't tell anybody else that I was leaving
Didn't anybody stay
Didn't tell anybody else what I was gonna say
Didn't anybody cry
Didn't tell anybody else that I was gonna die

Do you know that it gets cold in California
Well I guess I'll miss my home in Tennessee
Be sure to bring your coat to California
When you come find me

Didn't anybody know
Didn't tell anybody else that I was gonna go
Didn't anybody see
Didn't tell anybody else that I was leaving
Didn't anybody stay
Didn't tell anybody else what I was gonna say
Didn't anybody cry
Didn't tell anybody else that I was gonna die

Do you know that it gets cold in California
Well I guess I'll miss my home in Tennessee
Be sure to bring your coat to California
When you come find me

Do you know that it gets cold in California (Sure do)
Well, I guess I'll miss my home in Tennessee
(I'm goin' to Memphis, I'm goin', I'm goin' to Memphis)
Be sure to bring your coat to California
When you come find me
(When come find me)
