Day Your Luck Runs Out

Ingram Hill

'Bout that time again Strange feelin' in the wind Standin' in this place Starin' face to face But we don't see eye to eye Somehow all the blame is mine You're doin' nothin' wrong You say all your trust is gone

Yeah you gotta tell me what you want 'cause I can't see through your mind Oh you gotta hit me with it baby show me what's deep inside

The trouble's got me where it wants me But that won't be enough to end me I've said it times before, you ain't gonna walk on me no more You really don't know how to treat me You're lucky you still hung onto me But next time your luck runs out, and that's the day I'm walkin ' out your door

I'm beggin' baby please You must believe in me Hear too many lies Don't know which way to side But I tell you I'm the truth There's a chance for me and you But you've got to close your eyes And leave this far behind
