

# Christmas Lights

Ingrid Michaelson

You're not here, but you're here  
I can still hear you call  
Like a faraway bird trapped inside of the wall

Breathing in, breathing out  
It's all that I can do  
When I'm dreaming at night, I'm just dreaming of you

So it's Christmas time again  
Apart but yet together  
You know I'll always look for you  
From now until forever  
And I promise I'll make things right  
But until then, I will talk to you through the Christmas lights

I just wait by the phone  
Cause I know you'll call back  
And this home's not a home  
All the walls start to crack

Should I stay, should I go  
I'm so lost without you  
I'm unraveling now  
Like a thread pulling through

So it's Christmas time again  
Apart but yet together  
You know I'll always look for you  
From now until forever  
And I promise I'll make things right  
But until then, I will talk to you through the Christmas lights

So it's Christmas time again  
Apart but yet together  
You know I'll always look for you  
From now until forever  
And I promise I'll make things right  
And I promise I'll make things right  
And I promise I'll make things right  
But until then, I will talk to you through the Christmas lights
