Jealous

Ingrid Michaelson

Landmines all over this town
I'm living in a haunted house
'Cause everything's reminding me of you

Hurts bad seeing you out
Knowing that you're happy now
You're laughing like the way we used to do

I feel it rising in me
I feel the tide pulling deep
I never knew I could be so
Mad at the one that I love, no
Oh, oh

I do bad things when I'm jealous
I do bad things, I can't help it
I can't help it

It's what you're doing to me, ruining me
Turning me inside out
It's what you're doing to me, ruining me
Turning me upside down

Yeah, I do bad things when I'm jealous
And I'm jealous a lot

I see the devil in me saying what I wanna hear
Telling me it's time to interfere

I feel it rising in me
I feel the tide pulling deep
I never knew I could be so
Mad at the one that I love, no
Oh, oh

I do bad things when I'm jealous
(And I'm jealous)
I do bad things, I can't help it
I can't help it

It's what you're doing to me, ruining me
Turning me inside out
It's what you're doing to me, ruining me
Turning me upside down

Yeah, I do bad things when I'm jealous
And I'm jealous a lot

I can't help it, a lot
I get jealous a lot
I can't help it, a lot
I get jealous a lot

I can't help it, a lot
I get jealous a lot
I can't help it, a lot
I get jealous a lot

I used to be so sweet, now I see
A change coming over me
You're breaking my heart
I knew from the start
That you'd be the end of me

I do bad things when I'm jealous
(And I'm jealous)
I do bad things, I can't help it
I can't help it

It's what you're doing to me, ruining me
Turning me inside out
It's what you're doing to me, ruining me
Turning me upside down

I do bad things when I'm jealous (and I'm jealous)
I do bad things I can't help it, I can't help it

It's what you're doing to me, ruining me
Turning me inside out
It's what you're doing to me, ruining me
Turning me upside down

Yeah, I do bad things when I'm jealous
And I'm jealous a lot
