

Mind Drillers

Ingrowing

Mental squad, human computers
Trained well and forged
Psionic power turned to weapon
Brain waves make clones' minds disgorged
Bleeding ears and eyes bursting
Palatal tissues are non-reversibly grilled
Into black bleeding detrital mash
You losers, you gonna be mind drilled!
Let's kill at will!

Mind drillers, elite troops
Free of emotions, free of all
Chain reaction goes in loops
Let's drill!

Strike back! Just close your eyes.
And imagine...
Strike back again! With ferocity...
Like machine...
Just let's fucking drill!
Drill! Mind! Drill!
