

The Darkness Inverted

Ingrowing

Lurking in darkness
Waiting for occasion
We are these who rape the Sun
Hidden in inverted definition
Until our task is done ...

The darkness inverted...
Deadly possessed
Life is rejected...
Binary resected

Breed of cyberwar
Invading your Underworld
Blowing out your candles of life
We are the 3D inversion horde
Infesting germs, a caustic fire...

Light is castrated...
In darkness inverted
Till the Sun won't be dead...
And heavens bleed red
In our darkness inverted...
