

# You Are My Peace

Inhabited

You are my peace  
You alone calm all my fears  
You bring me to life when I'm weak  
You alone are my strength  
You called me out of darkness into your light  
You alone are my desire

It's you oh, you covered my shame  
You carried my burden you healed my pain  
And it's you oh, you lifted me up  
You gave me a reason to sing

You are my joy  
You alone know all my needs  
You still the storm in me  
You alone set my heart free  
You called me out of darkness into your light  
you alone are my desire

It's you oh, you covered my shame  
You carried my burden you healed my pain  
And it's you oh, you lifted me up  
You gave me a reason to sing

You called me out of darkness into your light  
you alone are my desire

It's you oh, you covered my shame  
You carried my burden you healed my pain  
And it's you oh, you lifted me up  
You gave me a reason to sing
