

Wings With Me

Ini Kamoze

I love I love that girl I see
Do you wanna wings with me, come in

I'm not thinking carnally
Judge I not by scrutiny
Your heart and soul I want in my controle
I'm not just a lovie-dove
I don't just want to fall in love
I stand in love, not ever on parole

Roots man penetrating (repeat) feel
Roots man love possessing (repeat) feel

I love I love that girl I see
Do you wanna wings with me, come in

Can you handle the reasoning
Do you wanna a little more seasoning
I hope you'll find that I'm not the joking kind
If you think I'm not a thrill
Everything is cool still
Cause now you know my level -
I'll never cause love trouble

Roots man penetrating (repeat) feel
Roots man love possessing (repeat) feel

I love I love that girl I see
Do you wanna wings with me, come in
