

she threw me away, yesterday  
her deadbolt locks i feel no shame  
she always wondered if i'd bend or if i'd break  
you wanna disappear from here?  
til daylight comes we'll have no fear.  
you pick the place, come closer, whisper in my ear  
anywhere but here

locked out till way past dawn again  
strung out before and i never win  
want to sleep but sleep's just a dream that slips from my hands

i bite my lip just enough to stay awake.  
i never wonder if i'll bend or if i'll break  
let's disappear, no fear  
wake up a thousand miles from here  
you pick the place, come closer, whisper in my ear  
anywhere but here

she let me down anyway  
but i won't be around  
you let me down anyway  
but i won't be around
