

I Am the One

Inkubus Sukkubus

I am the One
From the dark side of your dreams
I am the One
The one who hears your screams
I am the One, I am the One
I am a vampyre a - calling for your love
I am the fire that burns within your blood
I am the One, I am the One
I am the One, I am the One
No bars or chains can keep me from your bed
Nothing on earth can get me from your head
I am the One, I am the One

I'm the angel of your desire
Burning in the night
I'm the pyre, I'm the fire
Come to set you alight
I am the One

Forget the past, live only for tonight
How many loves have shared such pure delight?
I am the One, I am the One
I am the One, I am the One

I'm the angel of your desire
Burning in the night
I'm the pyre, I'm the fire
Come to set you alight
I am the One

Rest now, my love, let troubles slip away
I shall return on the darkening of the day
I am the One, I am the One

I'm the angel of your desire
Burning in the night
I'm the pyre, I'm the fire
Come to set you alight
I am the One
