

## The Dark Side of Love

**Inkubus Sukkubus**

This is where a thousand devils  
Wait in the darkness to destroy your mind  
This is where a queen of angels  
Defiles herself every time

In the heat and in the slumber  
Ever here to drag you under  
Paradise, Inferno of anguish  
Every time the poison kiss

Dark side of love

Here the monsters in the shadows  
Beautiful seraphs of desire  
Here is lust beyond good and evil  
Here the Beast pure and vile
