

## Ferocity in Desire

InMe

Could it be, this is just the beginning of the age of grinning  
and winning  
Four soldiers united and strong Proving our enemies wrong  
From deep within the beast has been re-released  
From the south east it hunts for a feast  
A feast that will feed all the fury and might  
It might work, it just might work

I don't care how far you have flown  
How fast or how slow  
I don't want to know you  
You're only slowing me down  
As the crow flies  
I know what I want

Could this be the pinnacle of the war?  
So much more cynical than ever before  
It was never suppose to be easy  
We might win, we just might win

I don't care how far you have flown  
How fast or how slow  
I don't want to know you  
You're only slowing me down  
As the crow flies  
I know what I want

I don't care how far you have flown  
How fast or how slow  
I don't want to know you  
You're only slowing me down  
As the crow flies  
I'm focussed

I've been broken so many times  
And every time I climb back to the shining divine throne of des  
ire  
I now know my path I know what I want
