

In Loving Memory

InMe

I took advantage, took you for granted
If this what you wanted, well I got what I deserved
The worthless hurt resides inside of this broken man

She was such a graceful creature ,she was such a worthy teacher
But how can one unlearn such love when love is war, is love is
war my dear

I spit the blood from my mouth crying, I cannot express my "und
ying" love

For all you've given me for all you've taken
Man can change, can change, this man can change...

A bloodless kindred that never hindered
The chest has splintered, the bond has over-wintered
Heart cracked in several places...

Listen to the stream so violent, climbing up the hill so silent
Destitute inside these veins were slowly closing up, this heart
weakened

Chances are you'll never get this, bled me dry it's time to for
get this

No-ones ever seen me like this, should I ever fall this deep in
love again?

Please forget the year I failed you, I won't hold you anymore
Pitched a tent in Sunny Lynton...
I wanted it back, I wanted it back, I wanted it back

And now I know just where those lips have been, I won't kiss yo
u anymore

It seems these days always don't quite cut it
But you know best, yeah you know best, yeah you know best

I cannot let it rest in piece dear, I'll consume myself it was
my only true fear

I hate this fucking aftertaste and I hate it even more without
you here

This love was my pain, my hurt, my cancer, and all I wanted was
to find an answer

You love and respect someone so deeply and then you lose them f
or your own, your own self odium

(For all you've given me, for all you've taken)
