

# My Friends Are Influential

InMemory

Make a move  
I've got nothing to lose  
Three words to live by kid, "We made you"  
Sunglasses on at night  
Split knuckles open wide  
Our mind set to terrorize and collect due

If I go down, we all go down  
Get on your knees, guns to the ground  
Don't make a move  
Don't make a sound  
If I go down, we all go down  
Get on your knees, guns to the ground  
Don't make a move  
Don't make a sound

Brace yourself  
This is a getaway  
We've got to shoot them up in a blaze  
Cause that's how we go out  
Don't think to scream or shout  
We're taking hostages  
We get paid

If I go down, we all go down  
Get on your knees, guns to the ground  
Don't make a move  
Don't make a sound  
If I go down, we all go down  
Get on your knees, guns to the ground  
Don't make a move  
Don't make a sound

It's your style (it's your style) on fire (on fire)  
Jump in the car to get away  
If we get caught there's hell to pay  
It's your style (your style) we're on fire  
Just hit the gas and don't look back  
Just hold your guard set to attack  
Your style (your style) on fire

Hold on, hold on, hold on, hold on  
Run your gap, with your clique, and we're gone  
Last thing you want to see on the seat  
Another body, another body, another body  
Hold on, hold on, hold on, hold on  
Run your gap, with a clique, and we're gone  
Last thing you want to see on the seat  
Another body

If I go down, we all go down  
Get on your knees, guns to the ground  
Don't make a move  
Don't make a sound  
If I go down, we all go down  
Get on your knees, guns to the ground  
Don't make a move

Don't make a sound
