

# Blinded

Inmoria

My life's a symphony of tragedy  
Don't know if I'm alive  
Or am I dreaming

It is a symphony of agony  
And hate is all I live for  
Can't take it anymore

Haunted by memories from long ago  
I see them with my own eyes  
Yet I am blinded

Everytime I lay me down  
I see it all I see the sorrow  
That has been haunting me

Now I know why it feels so cold  
Now I know why I can't live

When I'm awake there is no light shining inside of me  
Cause I'm blinded

And when I sleep I can see everything within me  
Cause I'm blinded

When I'm awake  
I don't believe that I'm alive  
Or am I dreaming... ..Don't wanna wake up

I don't believe that I am dead  
I am alive when I am dreaming  
It's all a mystery

All I see are the shadows  
That surround me and they call me  
Oh please forgive me

I'm so alone and I am scared  
Oh please take me to the other side  
And guide me to the light
