

OK

Inna

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

I used to scream around  
When I was angry  
I'm asking baby why  
The hell you left me lonely?

I used to fall in love  
And I'm not sorry  
I know one day you will be back to me  
Don't worry

When your life gets a little dangerous  
Don't forget that you are one of us  
Dream enough to see the sunlight  
Ohh, then you rise up to the sky

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back  
I want you back

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart

I'm in love now shake it to the beat now  
Shake it to the beat now,  
Shake it to the beat now  
I'm in love now shake it to the beat now  
Shake it to the beat now,  
Shake it to the beat, beat, beat, beat now

When your life gets a little dangerous  
Don't forget that you are one of us  
Dream enough to see the sunlight  
Ohh, then you rise up to the sky

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

You say I wanna be ok, hey!  
Don't wanna be away, babe  
Away from my heart  
I want you back

You say  
Hey, hey  
Away, babe  
Heart  
I want you back

You say  
Hey, hey  
Away, babe  
Heart  
I want you back
