24-7-365

In our quest to reach our goal  
Many a stories we've been told  
Traveled the world, seen with our eyes  
Strong emotion comin' down, down, down, yeah

24-7-365, natty dreadlocks staying alive  
24-7-365, staying away from the war and strife  
24-7-365, reggae music a bubblin' me  
24-7-365, goin' to set the whole world free

There is no secrets to our madness  
Now, who would believe natty dread rides again?  
Labor of love, gift from above  
Standing right before your eyes

24-7-365, natty dreadlocks staying alive  
24-7-365, staying away from the war and strife  
24-7-365, reggae music a bubblin' me  
24-7-365, goin' to set the whole world free

Yeah, yeah, it takes a strong man like you and me  
To unite this reggae symphony  
Music we give, that's the life we live  
What was once a dream, now a reality, yeah

24-7-365, natty dreadlocks staying alive  
24-7-365, staying away from the war and strife  
24-7-365, reggae music a bubblin' me  
24-7-365, goin' to set the whole world free

24-7-365, yeah  
24-7-365, glory for the weary, yeah  
24-7-365  
(Labor of love, labor of love)  
Natty dreadlocks rides again

24-7-365, oh, natty dreadlocks staying alive  
24-7-365, staying away from the war and strife  
24-7-365, reggae music a bubblin' me  
24-7-365, goin' to set the whole world free
