

Looking for a Better Way

Inner Circle

Looking for a better way of life
Looking for a better way of life

Well, she's uptown and I'm downtown
Together we'll find our way around
Living our life, we will survive
Rasta in control

Looking for a better way of life
Looking for a better way of life

They say I have no ambition, no future, no plan
Likkle did they know I am a Rastaman
Who Jah placed among the cursed
Glad that I'm not the worst
Love me likkle jooky, love me like, oh

Looking for a better way of life
Looking for a better way of life

Love in my heart, me and me jooky make a start
Living our live how we will survive
Not for us to fight, for Rasta must unite, ooh yeah, oh, oh

Looking for a better way of life
Looking for a better way of life

Looking for a better way of life
Looking for a better way of life

She's uptown and I'm downtown
Together we'll find our way around
Livin' our life, we will survive
Rasta in control

Looking for a better way of life
Looking for a better way of life

They say I have no ambition, no future, no plan
Likkle did they know I am a Rastaman
Who Jah placed among the cursed
Glad that I'm not the worst
Love my likkle, jooky

Looking for a better way of life
Looking for a better way of life

Love in my heart, me and me jooky make a start
Living our live how we will survive
We not for us to fight, for Rasta must unite, ooh yeah, oh, oh

Looking for a better way of life
Looking for a better way of life

Looking for a better way of life
Looking for a better way of life

Now look fi know, I'm hat, that's right
Now look fi know, no more strife

Looking for a better way of life
Looking for a better way of life

But she's uptown and I'm downtown
Together we'll find our way around
Livin' our life, we will survive
Rasta in control

Looking for a better way of life
Looking for a better way of life

Looking for a better way of life
Looking for a better way of life

Looking for a better way of life
Looking for a better way of life
