

Party's Just Begun

Inner Circle

Yeah, Love is forever - Hey

You better walk don't run
The party's just begun
People are hot
Looking for fun

What you gonna do if you can't dance
Find a girl who will give you a change
Yes the music will be loud
Just chill and be part of the crowd

You better walk...

Cme take me high
Up where i want to be
Like a waterfalling flow
so will our love grow

Never say never
Love's forever

You better walk...
