

## Reggae Dancer

Inner Circle

I know a reggae dancer  
From Kingston, Jamaica

She knows how to bump, she knows how to grind  
This little girl, she ruft all the time  
She knows how to sing, she don't drink gin  
Knock three times, she will let you in, in her world  
Of sweet reggae music, reggae music

This irie crisp sister  
This ruft reggae dancer  
Her musical magic  
Say it, just got to have it

You better get ready to hold on steady  
Don't distress it, just respect it  
They gone too far to turn back now  
You made the right move, now you're in the groove  
In her world of sweet reggae music, reggae music

I know a reggae dancer
