## **Reggae Dancer**

**Inner Circle** 

I know a reggae dancer From Kingston, Jamaica

She knows how to bump, she knows how to grind
This little girl, she ruft all the time
She knows how to sing, she don't drink gin
Knock three times, she will let you in, in her world
Of sweet reggae music, reggae music

This irie crisp sister
This ruft reggae dancer
Her musical magic
Say it, just got to have it

You better get ready to hold on steady
Don't distress it, just respect it
They gone too far to turn back now
You made the right move, now you're in the groove
In her world of sweet reggae music, reggae music
