

Signs, I Can't Take It

Inner Circle

I can't stand it
I can't stand to bear
The things I see

At every corner
And every border
There is someone
Standing with a sign
Oppression, depression
Frustration the wait
It's too long on the line

The saga continues
Nothing's changed
Instead of getting
Better is getting worse
Damnation, segregation
Starvation oh Jah Jah
How much more
Do we have to bear
