

Wrapped Up in Your Love

Inner Circle

All I need
Is to be wrapped up
In your love, girl
Wrapped up
In your arms
Wrapped up
In your love tonight

I love the way you make me feel when you say

You say you love me
I think you don't
You say you want me
But you change your mind every day

Talk about the times we shared
Loving you's my only care
My heart cries for you every day
But you don't want to hear me say

All I need
Is to be wrapped up
In your love, girl
Wrapped up
In your arms
Wrapped up
In your love tonight
Wrapped up
In your love tonight

Just one more thing, baby

After all we've been through
My love for you still rolls through
And when you call my name
Your force's like a burning flame

Of all the treasures that I adore
You're my crown and jewel
The one that i
Can't ignore

The way I feel about you
I can't live without you
What more can I say
I just can't keep living this way

Sometimes it hits like a rock
And that's when I don't look back
My heart cries for you every day
But you don't want to hear me say

All I need
Is to be wrapped up
In your love, girl
Wrapped up
In your arms

Wrapped up
In your love tonight
Wrapped up
In your love tonight

Come on, baby, give me some sugar
Oh, baby

Aw, when you do those things, you make shivers run up and down my spine

I just want to whisper in your ears, you see

All I need
Is to be wrapped up
In your love, girl
Wrapped up
In your arms
Wrapped up
In your love tonight
All I need
Is to be wrapped up
In your love, sugar
Wrapped up
In your arms
Wrapped up
In your love tonight
Wrapped up
In your love tonight

I love the way you make me feel, baby, just one more time

All I need
(Wrapped up)
Yes, baby
(Wrapped up)
In your love, baby
Wrapped up
In your love tonight
Wrapped up
In your love tonight
