

Not Getting Any Better

Innerpartysystem

it's not getting any better

I forgot what it feels like without you on my mind
all my friends, all my friends, all my friends say I
should give it up
I know it's never easy when nothing ever was

no I can't get by without your love
I know it's never easy because
I'm awake every night
and you're cutting through my head just like a knife
and I'm awake every night
and you're cutting through my head just like a knife
because I can't get by without your love

I forgot what it feels like without you on my mind
and all my friends, all my friends, all my friends say
I should give it up
I know it's never easy when nothing ever was

no I can't get by without your love
I know it's never easy because
I'm awake every night
and you're cutting through my head just like a knife
and I'm awake every night
and you're cutting through my head just like a knife

and I'm awake every night
and I watch you through your window
and you lay there with your sleepy eyes

you say it's getting easy
it's not getting any better
