Out Of Touch

Innerpartysystem

I'm out of touch with all my friends
Everytime I see them again
All the days I've been away
Wouldn't be different if I stayed

You're losing me
You're losing me
You're losing me, again
You're losing me
You're losing me
You're losing me, again

You're losing me...

Driving on the empty road
I forgot I fell in love back home
I start to wonder if I changed
I start to wonder if you
Even if you
Even if you
Even feel the same

You're losing me
You're losing me
You're losing me, again
You're losing me
You're losing me
You're losing me, again

You're losing me...

I'm out of touch with all my friends
Everytime I see them again

You're losing me
You're losing me
You're losing me, again
You're losing me
You're losing me
You're losing me, again

I'm out of touch with all my friends
Everytime I see them again
All out of touch with all my friends
Everytime I see them again

You're losing me
