

# Live For My Own

InnerWish

Hide away  
Don't want to see your face  
Don't want to hear your lies  
No more, so please fade away

Even lost  
My courage to pretend  
That i can live without  
This love  
When i close my eyes i see  
Your vision haunting me

But i'm not surrender to  
This thoughts that burn my  
Soul,throughout this raging  
Fire i will rise and stand tall

And soon the time will come for  
Me to break free, then you'll  
Understand what you did to me  
I need to spread my wings, i'm  
Ready to fly  
From now on i can live for my own

Lost again in my cold memories  
The only friend of mine that's  
Left is my loneliness

Still confused i don't know what  
Went wrong,i just know that we  
Should have tried to be together  
In this life,to keep the flame alive

But i'm not surrender to  
This thoughts that burn my  
Soul through this raging  
Fire i'll rise and stand tall

And soon the time will come for  
Me to break free then you'll  
Understand what you did to me  
I need to spread my wings, i'm  
Ready to fly  
From now on i can live for my own

Loneliness and my cold memories  
The only friends of mine that's left
