

## Race

Innocens

You never turn back  
Time though you want that  
Fear's more than one lie  
One fault and you die

Keep on running fast  
Don't dare to be last

God this challenge's for you  
I believe I can prove  
I do

You run for a fall  
Used blade to get more  
Being alone realized  
So aware no more lies

Lord, try to get me  
You want you will see

God this challenge's for you  
I believe I can prove  
I do
