

## The Shining

Innocens

Where do you shine tonight?  
Broken into pieces  
How do you know how long?  
Fades away this wind

Time is passing by  
Just diamonds are forever  
Fall a height never mind so  
How long will you shine

Haunted soul  
Wait for me  
More and more  
Set me free

Where do you sleep this night?  
Glitter that betrayed you  
Your wild heart open wide  
It's pain enough to feel

Unbelievable  
All vanities ain't closed down  
Though no matter what  
We shine to survive
