

Wait For You

INOJ

Sitting here thinking of the summer we shared
How you went away baby, you never knew I cared
Your picture on my pillow, tears down the side
I never will forget it baby, I need you in my life
Don't you wanna wait for me like I wait for you
Do you ever think of me like I think of you
Don't you wanna wait for me
You're so far away baby, but you are on my mind
Holding hands on the boardwalk on our favorite ride
On the beach where we met aw baby, footsteps in the sand
I remember like yesterday, reflections of your hands
Don't you wanna wait for me like I wait for you
Do you ever think of me like I think of you
Don't you wanna wait for me
Sitting here thinking of the summer we shared
And how you went away baby, you never knew I cared
Your picture on my pillow, tears down the side
I never will forget it baby, I need you in my life
Don't you wanna wait for me like I wait for you
Do you ever think of me like I think of you
Don't you wanna wait for me, yeah
Don't you wanna wait my baby, yeah
Don't you wanna wait my sugar
Don't you wanna wait
Don't you wanna wait
Don't you wanna wait my baby
