

Infinite Interstellar Genocide

Inquisition

Massive black doom holes open dimensions
Rays of the darkness shadow the light realms
Lord of the black wings, bringer of war
Coffins are open, Satan arise

Cosmos of Satan, cauldron of coil
Strength of the orbits, strong as the gods
Master of masters, ruler of stars
Clash of the dark gods, end of all life

Bells of the temples, sounds that I seek
Massive destruction, poison of war
Tombs are invoking spirits of stars
Cosmos of chaos, end of all time
