Unholy Magic Attack

Sing the Song of the seven Winds as I spit the Dragons Fire.
I summon deities of Hate through unholy Magic Spells.
Surging unto the cosmic realms in the search of ancient moan.
From the chasms of Asmodeus storm of chaos shall unleash.
Chanting under skies of titan moons invoking solitary demons
Wicked screams rising from a thousand thrones
shadows covering temples of doom

Oh! How I bleed, my blood summons the Black Lord eyes so bright,
Black Sky lighten from the evil horned moon.
Unholy Magic Attack Roll the drums in Satanas name
Infinite spells of hate I cast from my moon throne.
Chanting words of doom to enemies of mine
Attack With Might Unholy Victory!
