

House of Wonders

Insane Clown Posse

So there you are, your sittin' there just kinda chillin'
Oh Richie boy, you look a little bit like Dillon
The 90210 bitch with the funny hair
So I'm a change a few things around here and there
Start with your eyes, I pluck 'em out your head
And pull your balls out your sack and stick 'em there instead
Then I'll stamp all your toes and stick 'em in your nose
And pull the hair out your head until your skull shows
Yeah I'm all syked we gotta fix you for the show tonight
But your lips man to me they just a little right
They could be a little fatter, even more
So fuckin' fat bitch your lip is draggin' on the floor
Tie your tongue into a knot and stretch it out
And tack a sign on it tellin' what your all about
Set you up cause now your ready so open up the door
Cause at the house of wonders you're the freak show

Carnival thrills
Carnival chills
Carnival excites you
Carnival kills
(Ah, ooh, ah, oh)
Another freak show from the juggaluggalo

Carnival thrills
Carnival chills
Carnival excites you
Carnival kills
(Ah, ooh, ah, oh)
Another freak show from the juggaluggalo

So there you are
Come on in chicky wow, aint you a pretty?
I think I'll start with the silicone that's in your titty
I'll pull it out, put it in your forehead and cheek
So now you look like the elephant bitch freak
Don't try and run chicky poo, I'm just gettin started
I'll beat your head in with the brick untill you're half retarded
Remember the ugly girl you laughed at, at the prom?
Don't try to laugh now bitch you look like her mom
It came to Tuesday but it's starin' at
I stuff you full of Chilli Cheese Dogs and make you fat
Then I stretch your fuckin' lips and stick 'em in your ear
So all the evil shit you talk, only you can hear
I shave you bald and glue your titty on the top
Then I spin ya on your nipple until you drop
Hey, almost ready jump steady open the door
'Cause at the house of wonders you're the freak show

Carnival thrills
Carnival chills
Carnival excites you
Carnival kills
(Ah, ooh, ah, oh)
