

Put It Down

Insane Clown Posse

Good Schools

The learning process

I had no education when I was a kid
I have no explanation for them things that I did
I pulled the legs off a dog and rolled them down a hill
I put poop in a hotdog bun and ate it for the thrill
I tried to impress this girl that lived on my block
I said look, and bashed my homies face in with a rock
Then other people came and took me away
They made me eat pills, like 25 everyday

Everything is slow, like in slow motion
My penis won't get hard
By the time it does I ain't horny no more
That's it, enough I jump out the window
12th floor
I put a sock on my penis and robbed a jewelry store
The police might chase me, but I won't get caught
If I do it ain't my fault, something takes me over

Somethings talking in my head
I can't help thinking it hates me
Somethings telling me I'm dead
It's going to cripple and rape me
Somethings talking in my head
I can't help thinking it hates me
Somethings telling me I'm dead
It's going to cripple and rape me

My brain, has a brain of it's own
My body ain't got nothing to do with it
So leave it alone
Don't punish me for something I did
Unless I did what I'm doing, and I ain't doing nothing dig it
Herion is no part of my diet
But hey, I mean what the fuck right I'll try it
Give me a ballon
I don't care about my face anymore
I talk and eat with my feat and drag my face on the floor

Them crows are wathing me
There watching me (my every step)
Them crows are watching me
There watching me (I creeped and crept)

Fungus spreads soft green and fuzzy
Fuzzy wasn't a fuzzy bear was he fuzzy
I hate, whoop, wait a minute
Don't move, god there's something on your neck
Be still
CHOP!
Hahahahahhhaaa

Somethings talking in my head
I can't help thinking it hates me

Somethings telling me I'm dead
It's going to cripple and rape me
Somethings talking in my head
I can't help thinking it hates me
Somethings telling me I'm dead
It's going to cripple and rape me

That dog is scaring me
That dog is talking to me
That dog is scaring me
That dog is talking to me
Im sexy

A preying mantis is neon green ya'll
And it's head is so fucking small
How can it's tiny brain be so bright
*Pwup**Kikh**Alllright*
If I punch you in the face it don't mean nothing
I mean I don't want you getting mad or something
Just relax
? my butts exposed
If I keep my eyes closed
Something takes over

Somethings talking in my head
I can't help thinking it hates me
Somethings telling me I'm dead
It's going to cripple and rape me
Somethings talking in my head
I can't help thinking it hates me
Somethings telling me I'm dead
It's going to cripple and rape me

Somethings talking in my head
I can't help thinking it hates me
Somethings telling me I'm dead
It's going to cripple and rape me
Somethings talking in my head
I can't help thinking it hates me
Somethings telling me I'm dead
It's going to cripple and rape me

Over!
