"Yeah, you give sax lessons. Why not at this time of the night?  
I'm only up at this time of the night. I play music of the night.  
No, no, I'm not awake in the day.  
Read my lips, scary. Aww, man, why you guys in the goddamn,  
Yellow Pages then, the fuckin, the goddamn, what's it, no,  
it's the Weekly. In parentheses, 'No gig...too scary'.  
And that's just what I am. Scary."

You can roll her up, and bounce her off the wall  
We played ball, shoot hoops, she can hold steady

Don't mean that you're all alone  
Just call Super Balls to the rescue

"It's a bright mid-summer day in Metropolis, and there's not much  
news fit to televise at Galaxy Communications. Where, in his  
office, Clark Kent is monitoring the twelve o'clock news."  
"Uh uh, it goes thump thump thumpin against your clit"  
"Harder, harder!"

"Lois Lane, ace reporter for Galaxy Communications, opens Clark's door and looks in."

"When the hell do I get something out of this?"
