

# The Wraith

Insane Clown Posse

Always uninvited  
fuck off  
unrespected, sometimes he creeps other times he's expected  
He hangs out in bad neighborhoods up at thy park  
he will strike in broad day light but prefers thy dark  
Three little kids caught inside a burning home  
he'll just sit there and wait for 'em  
leave 'em alone!  
As sure as we're alive today and death is inevitable  
he's waitin' there watching through the eyes of a crow  
fo' sho'  
I know  
yo

Death is always a shitty time  
Don't bother trying to run and hide  
Take his hand cross to thy other side (Step to the other side)

Freeway intersections when thy bars close, he loves 'em  
Bluew out traffic lights?  
He hovers above him  
And he loves thy motherfuck out of crackheads and heroin  
rehab centers and caring mothers always scaring him  
Sharing them needles?  
He encourages and raw sex?  
They got him working and steady collecting soul checks  
Then again  
What?  
Nine times out of ten, I wish he's take me  
Instead of some of these poor children we see  
I'm sayin  
Skwo  
What

Death is always a shitty time No where to run  
Don't bother trying to run and hide No where to hide  
Take his hand cross to thy other side  
Step to thy other side! (Step to the other side)

He remains nameless but we call him thy Wraith  
He is thy 6th Jokers Card of thy Dark Carnival faith  
That's it, now your clock is ticking, every second counts  
and everyhting you do that right or wrong, it all amounts  
And whether you going to heaven or hell  
he doesn't care  
he's only here to give you thy death touch  
and send you there  
Most people fear him  
because they don't understand  
that once he finally touches you with death eternity can begin  
That's what thy fuck I'm talkin' about  
Lotus  
What  
Mother fuck  
yea yeah  
Woop Woop  
Hoe

Death is always a shitty time No where to run  
Don't bother trying to run and hide No where to hide  
Take his hand cross to thy other side  
Step to thy other side! (Step to the other side)
